

# Zuni Mountain Collaborative Forest Landscape Restoration

**November 18, 2014, Field and Evening Collaborator Meeting**

## **Agenda**

### **Field Trip**

**Objective:** To tour the different stages of forest restoration from untreated to complete ponderosa pine restoration (and other multiple resource objectives) and generate discussion and shared learning. To discuss challenges, successes, and lessons learned from the past 6 years of implementation.

- 8:00 – Meet at the Chaco Canyon Convenience Center in Milan. Introductions and Agenda Review
- 8:30 – Travel to untreated areas near Copperton (just west of PO Flats)
- 9:30 – Visit untreated forest (even-aged) and discuss the ecological and planning issues being considered. Address the multiple entry plan.
- 10:30 – Travel to operations at Andrews (west of 178) or at remarked PFA area depending on progress.
- 10:50 – Visit with mechanical operations and observe. Discuss putting the forest first, taking the worst and leaving the best, and all the associated challenges. Discuss the content of the service work.
- 12:00 – Lunch on-site.
- 12:30 – Travel to PFA Remarked area. Discuss Cibola's commitment to adaptive management and continuous learning.
- 1:30 – Travel to R3 showcase.
- 2:00 – Visit showcase. Discuss purpose of the showcase stand. Discuss how this area is nearest to the ideal end result after achieving uneven-aged condition post-RX.
- 3:00 – Travel back to Chaco Canyon Convenience Center in Milan.

**Evening Collaborator Update Meeting, Future Foundations Civic Room** (551 Washington Ave, Grants, NM 87020)

**Objective:** Provide an overall CFLR update for both project areas. Provide opportunities for questions and dialogue. This is not a venue for wilderness inventory or the forest plan revision.

- 6:00 – Introductions and areas of interest.
- 6:15 - Project history and stewardship agreement
- 6:20 – Bluewater Updates: Mechanical Acres; Prescribed Acres; Overall progress in implementing the EIS.
- 6:35 –Puerco Updates
- 6:50 – Discussion
