

### **What to expect every day:**

Every day you will be working outside. Be prepared for hot, cold, or wet weather every day. You are expected to be prepared with lunch, water, long pants, lace up leather boots, long sleeves, and all your issued personal protective equipment (PPE).

The Guild is providing everyone with 2 long sleeve shirts (one FSYC and one YCC) that must be worn as part of your uniform. The Guild is also providing everyone with a small notepad and pencil and sharpie. This will help everyone take notes, make lists, and track hours.

This preparedness is both to be efficient and prepared for work as well as to be **safe**. Heat stress, lost PPE, sun burn, or hypothermia are all very real and possible risks that can be avoided.

*If you have difficulty acquiring this gear, contact Matt or Eytan.*

### **Every day bring:**

- Water bottles – at least 2 liters
- Daypack – with all issued PPE (hard hat, gloves, eye protection, ear protection)
- Sunblock
- Baseball cap or brimmed hat for when you are not wearing your hard hat
- FSYC, YCC, or USFS issued long-sleeve shirt.
- Windbreaker or rain jacket/poncho
- Lace-up leather boots
- Sunglasses (dark safety glasses work)
- Lunch
- Snack
- Pencil and sharpie and notepad.

### **What to expect for the 3-day Training:**

The three day training will be held at Hyde Memorial State Park near Santa Fe. The park is above 8,000 feet in elevation in the mountains so temperatures and weather are highly variable. Temperatures can be as low as 30 degrees at night!

All crews will be present. This training is critical to the whole summer and your opportunity for college credits.

While we will be camping, this is also work. You will be expected to show up prepared, on time, and acting professional. Special guests and members of the press may be present.

Tent sharing is encouraged to save space but it is limited to boys-only and girls-only tents.

*Weapons and alcohol are prohibited!*

Bring your medications and allergy medications.

*If you have difficulty acquiring this gear, contact Matt or Eytan.*

You will need:

Sleeping bag  
Tent (consider sharing)  
Sleeping pad  
Pillow (can use a rolled up jacket)  
Beanie (hat)  
Extra Socks  
Warm clothes including long johns and a jacket  
Sunblock  
Personal hygiene – toothbrush/paste, etc.  
Prescription or allergy medicine if applicable  
Headlamp or flashlight  
Water bottle  
2 changes of clothes

*Limit to 1 day pack and 1 duffel bag each.*

**Emergency Contacts:**

As part of the Forest Stewards Youth Corps, you are a full-time seasonal employee of the Forest Stewards Guild. As such, your first contact will be your crew trainer. Crew trainers will provide their phone numbers with everyone on the first day of work. During the 3-day training cell service is limited but Matt and Eytan will check voicemail each night.

After the crew trainer contact Guild staff in this order:

1. Matt Piccarello – 505.470.9725
2. Eytan Krasilovsky – 505.470.0185
3. Deb Saeger – 608.333.0551

Matt and Eytan will check their texts and voicemail every day. In the event that they are out of service range, their voicemail message will identify who to call.
