

## Other Regions

The Guild has members in every region of the United States as well as British Columbia, Canada. Members are active in many of these regions, even areas where the Guild currently does not have funding to support staff. Over time, the Guild hopes to build regional programs in the Southeast, Great Lakes, and Pacific Northwest, as funding allows. There are already region coordinators in the Southeast and Pacific Northwest.

Meetings and field tours often happen at the regional level and are listed on our Calendar of Events. Since excellent forestry is different in each ecoregion, the Guild's guides to ecological forestry—syntheses of science and place-based experience—are broken out by region and forest type. As demonstrations of excellent forestry, the Guild has Model Forests across the country.

### Great Lakes Region

Ecological Forestry Workshop, Wisconsin, October 10–11, 2007

Ecological Forestry Guides in the Great Lakes Region

Forest Wisdom #9: Forestry in the Lake States

### Pacific Northwest Region

Pacific Northwest Regional Meeting, October 12–14, 2007

Ecological Forestry Guides in the Pacific Northwest

Southeast Region

Ecological Forestry Workshop, Tennessee, May 28–29, 2008

Ecological Forestry Workshop, West Virginia, October 22–23, 2008

Ecological Forestry Workshop, Georgia, January 21–24, 2008

Southeast Regional Meeting, December 1–2, 2007

Maltreatment and Injustice: An Overview of the Plight of Latino Forest Workers in the Southeast

Ecological Forestry Guides in the Southeast
