December 2008**

**Biomass Removal Case Studies:
Lessons Learned and Strategies for Success**

Tuesday, December 16th @ Noon Eastern

**Free for NNFP and Forest Guild members.
\$30 non-members.**

Presented by Dr. Zander Evans, Research
Director at the Forest Guild

Dr. Zander Evans, Research Director at the Forest Guild, will discuss the lesson learned from collecting and analyzing 45 case studies of biomass removal from across the country. The biomass removals include fuel reduction treatments, stand improvement harvests, habitat improvement projects, and extraction of fuel for biomass energy plants. The discussion will focus on the importance of early and substantial public involvement, partnerships with efficient contractors, existing markets, and harvest mechanization.
